Summary

✓ **All clear — 0 bugs across 60 tests.** Coverage: account creation & sign-in (register validation, reserved/short/mismatch/email rules, login), the full signed-in app on live data (dashboard & **GuacScore**, multiple seeded **receipts** + parsed receipt detail, **reports**, GuacWizard, Steals, Returns, Bank, Stash, Smashlist, Guacanomics, Rewards, invite, profile, sign-out, 404 routes), and all **18 calculators** (math vs independently hand-computed values, 0%-rate & payoff edge cases, and input validation). GuacScore/GuacWizard scoring math also covered by dedicated scenario reports.
